humanisant la mondialisation et contribuant au rapprochement du monde dans le monde les migrations facteur essentiel du développement humain font aussi partie des globalisations contradictoires qui voient s'opposer objectifs politiques et impératifs économiques sociaux culturels et éthiques un monde plus fluide élites migrants économiques réfugiés apatrides les catégories se brouillent plaidant pour un droit à la mobilité qui remet en question les notions de frontières de souveraineté de citoyenneté de nombreux pays sont aujourd'hui pays d'accueil et de départ de nouvelles situations apparaissent déplacés environnementaux migrants intérieurs et pendulaires mineurs non accompagnés touristes seniors au soleil soulignant l'interdépendance d'un monde en mouvement réel enjeu planétaire les migrations transforment les relations internationales redéfinissent la souveraineté des États d'accueil mettent en scène les États de départ font surgir un individu acteur de sa vie et demandent une diplomatie nouvelle faisant appel à une gouvernance mondiale et régionale des migrations pédagogique et exhaustif ce livre écrit par une spécialiste à la notoriété internationale restitue l'état des connaissances sur le sujet les replace dans leur environnement intellectuel et historique il a vocation au delà de militer pour une diplomatie internationale des migrations à devenir la référence sur les questions migratoires

la crise des réfugiés qui secoue l'espace européen depuis 2015 a mis en lumière l'incapacité des institutions politiques à fournir des réponses satisfaisantes à tous les profils de migrants. Fruits de globalisations contradictoires, les flux migratoires s'accroissent à travers le monde alors même que des frontières se ferment et que des murs s'érigent. Les catégories de migrants et de réfugiés se brouillent, les pays de départ deviennent pays de transit et d'accueil et inversement. Le contenu de la citoyenneté se diversifie, l'expression d'un droit à la mobilité des personnes émerge partout dans le monde réel. Enjeu planétaire longtemps oubliées, des grandes questions mondiales, les migrations transforment et affectent les relations internationales, redéfinissent la souveraineté des États, elles disent surtout l'urgence d'une diplomatie nouvelle intégrant leur gouvernance mondiale et régionale.
